

**If your vendor
owns the
account, your
automations leave
when they do.**

3 questions. 1 worked example.

1 Where does it run?

Zapier

Make

A vendor's portal

Example: a CPA firm's tax-document chaser runs in 4 accounts.

Automation
platform

AI account

Client portal

Email sender

2 Who owns it? Who pays?

Account	Owner / Pays	
Automation platform	Vendor	Leaves
AI account	Vendor	Leaves
Client portal	Firm	Stays
Email sender	Firm	Stays

Example: a CPA firm's tax-document chaser

3 If the vendor left tomorrow, what stops by Friday?

2 of 4 leave with the vendor.

In March, the chaser goes with them. A late partnership return costs **\$255 per partner, per month.**

**Name one
automation a
vendor runs for you.**

I'll tell you what leaves with them.

Example reply

Our intake form runs in their Zapier.
